Lydia Balasingh

CREATIVE DESIGN LEAD · UX STRATEGIST · AI-DRIVEN INNOVATOR

Creative Design Lead and UX Strategist with 15+ years of experience creating impactful digital experiences, visual storytelling solutions, and brand-aligned creative assets for global organizations. Experienced in partnering with stakeholders to translate project briefs into compelling concepts, prototypes, presentations, and customer-focused experiences. Proven ability to execute creative projects from concept to delivery while maintaining quality, brand consistency, and business alignment. Expert in Figma, Adobe Creative Suite, AI-driven design tools, and cross-functional collaboration.

Leadership Highlights

Regulatory-grade UX
Presented annual UI/UX strategy to the US Florida Loss Commission for approval.

Enterprise modernisation
Led UX strategy turning Microsoft Finance legacy reports into data visualisations.

Delivery excellence
95% on-time delivery across 200+ user stories as Front-End Lead.

Team building
Headed and mentored design teams across India and overseas projects.

Experience

Senior Consultant · Lead UI/UX Designer
OCT 2022 – PRESENT

Aon Consulting Pvt. Ltd.

- Orchestrated the end-to-end design-to-development pipeline for **ELEMENTS** modelling software; high-fidelity prototypes reduced development friction.
- Directed UX reviews and creative quality for the **Impact Forecasting** Risk Mapping Tool, ensuring consistency and usability.
- Presented interactive flow prototypes to the **US Florida Loss Commission** to secure regulatory approval.
- Facilitated design reviews and advised senior stakeholders, enabling informed product and business decisions.
- Led product feature testing and creative reporting using AI-powered presentations.

Project Lead · Senior Consultant
FEB 2018 – OCT 2022

Capgemini Technology Services — clients: Microsoft, AtriCure

- **Lead UX Designer, Microsoft Finance:** architected UX modernisation of a global reporting platform into intuitive data visualisations.
- **Module Lead, Microsoft Azure:** turned technical documentation into mobile-first GitHub landing pages with Bootstrap 5.
- **Scrum Master, L&D Platform:** ran sprints and DevOps documentation for a global SharePoint skills-tracking platform.
- **Front-End Lead, AtriCure Healthcare:** achieved 95% on-time delivery for 200+ user stories across WordPress and Drupal.

Senior Graphic Designer · Digital Marketing
OCT 2014 – JUL 2017

Zopsmart Technology Pvt. Ltd. (ZopNow)

- Managed and trained junior designers in photo editing, print and social media best practice.
- Owned the 360° visual narrative and brand standards — banners, mailers, e-magazines, print and hoardings.
- Directed the end-to-end design lifecycle for major marketing campaigns and blogs.

Experience CONTINUED

Senior Graphic / Web Designer
JUN 2012 – APR 2014

Suksh Technology Pvt. Ltd.

- **Team Leadership:** headed the design team delivering high-traffic promotions and seasonal campaigns.
- **E-commerce Strategy:** led the design evolution of the core platform toward engagement and conversion.
- **Executive Communication:** crafted presentations that turned complex data into visual stories for partners.
- **Digital Marketing:** directed visual strategy for Google Ads, interactive ads and email flows.

Head — Web Designing
APR 2011 – MAR 2012

Kairos Multimedia Pvt. Ltd.

- **Global Team Leadership:** managed web design teams across overseas projects under tight deadlines.
- **Client Ownership:** primary contact for international clients from discovery to final hand-off.
- **Stakeholder Alignment:** ran website reviews and feedback sessions; pitched concepts to global leadership.
- Streamlined the client feedback loop into actionable tasks for production.

Software Programmer / HR Assistant
NOV 2004 – APR 2006

The Good Samaritans (NGO)

- Built employee registration and HR management systems from the ground up, automating manual processes.
- Balanced technical and HR responsibilities, gaining a 360° view of organisational operations.

What I Bring to a Lead Role

Vision to execution
Translate briefs into concepts, prototypes and shipped products without losing intent.

Design + engineering fluency
Hands-on front-end skills that shorten design-to-dev hand-off.

Stakeholder confidence
Clear creative rationale for executives, regulators and global clients.

AI-forward practice
Figma Make, Framer AI and generative tools to accelerate ideation.

Mentorship
Grows designers through reviews, training and shared standards.

Agile delivery
Scrum Master experience keeps teams predictable and on time.

Career Path

Programmer → Head of Web Design → Sr. Graphic/Web Designer → Sr. Graphic Designer → Project Lead (Capgemini) → **Lead UI/UX Designer (Aon)**
